

# DANIEL HOLLERER

Danielhollerer25@gmail.com · 07553760740

My career objective is to have a fulfilling career where I can be relied upon and a solid and stable job. I would like to build software applications in an agile team, this is as from previous experience I have found this to be very rewarding. This would also include software development and software engineering roles.

## EXPERIENCE

04/07/2022– 02/08/2022

### SOFTWARE ENGINEER WORK EXPERIENCE, LLOYDS BANKING GROUP

During my software engineer work experience at Lloyds banking group, I was given the opportunity to learn what it is like to be fully integrated into a working software engineering team. I worked on data models using python, whilst utilizing technologies such as spark. I worked in an agile way meaning I joined daily standups and other team meetings.

## EDUCATION

2021 -TO PRESENT

### DIGITAL T-LEVEL, CALDERDALE COLLEGE

Currently working towards a Digital T-Level qualification. Here I learnt my basic knowledge of python and web development. Learnt how frameworks such as react are used and how to write proficient code.

2016-2021

### GCSE'S, ST. BEDES AND ST. JOSEPHS CATHOLIC COLLEGE

Math's: 7

English: 5

Computer Science: 6

Double Science: 76

History: 6

Geography: 7

R.S: 7

French: 4

## SKILLS

- Learning Python, HTML, CSS and react Framework at College
- Reliable
- Strong work ethic
- Resilient
- Willing to learn new technologies
- Can work independently and as a team

## ACTIVITIES

During my free time I enjoy playing video games, I primarily enjoy the types of games that require some sort of problem solving or teamwork. These games tend to be the most rewarding and fun.

Another hobby that I have is that I like hiking, this includes hillwalking and multiday hikes. I have completed multiple multi day hikes with friends while camping at the same time. One goal that I have is to complete the Yorkshire dales 3 peaks.
